

REMARKS

The claims have been amended to more clearly define the invention as disclosed in the written description. In particular, claims 2-4 have each been made proper independent claims and include the limitations of claim 1.

In view of the above, claims 2-7 should now be allowed.

Applicant believes that this amendment is in conformance with 37 C.F.R. 1.116 in that it reduces issues on Appeal by rendering claims 2-7 now allowable, claims 2-7 having been objected to as being dependent upon a rejected base claim.

Enclosed herewith is a Notice Of Appeal.

Respectfully submitted,
